Qualification overview

This qualification will provide you with a combination of knowledge and skills to prescribe, plan and deliver safe and effective exercise programmes and personal training sessions to a range of clients. By achieving this qualification you will be recognised as a qualified personal trainer.

Who could do this qualification?

Individuals aged 16+ years old and we also hold a Level 2 qualification in Fitness Instructing (Gym). There is an element of communication (discussing, presenting, reading and writing) involved, and you should have basic skills in communication at Level 2.

The qualification requires physical exertion and your participation is essential, so it's important you are physically fit.

The qualification has been designed for:

- Gym instructors wishing to work and/or seek employment in the health and fitness sector as a personal trainer where they can also apply the additional business skills and knowledge they will have achieved.
- Individuals already working in the health and fitness sector wishing to enhance their career progression opportunities.

What does the qualification cover?

During the qualification learners will cover the following

- Anatomy and physiology, functional kinesiology and concepts/ components of fitness.
- How to gather and analyse client information using the most accepted techniques.
- How to assess a client's current health and fitness status.
- How to plan and conduct physical activity sessions, within a variety of environments using multiple resources.
- How to perform an effective client consultation and provide strategies for successful behaviour change.

- How to communicate effectively and build successful relationships with your clients and other health care professionals.
- How to manage, evaluate and improve your own performance.
- How to give nutritional advice for physical activity based on a client's needs.

Qualification structure

To achieve the qualification learners must complete the seven mandatory units (36 credits).

Unit	Unit accreditation number	Level	Credits
1. Anatomy and physiology for exercise and health	A/600/9051	3	6
2. Applying the principles of nutrition and physical activity	L/600/9054	3	6
3. Know how to support clients who take part in exercise and physical activity	M/600/9015	2	2
